

OFFICE OF THE PRESIDENT

Dear CBS student:

CBS leadership continues to monitor the CDC guidelines on eliminating the spread of COVID-19. Using data and trend lines from CDC, the World Health Organization, and other colleges and universities, we believe it is in the best interest of our students and staff to continue all classes remotely for the Spring 2021 and Summer 2021 semesters. We will continue to monitor conditions in order to determine if we can return to on-campus instruction on July 1, 2021, for the beginning of the CBS Fall 2021 semester.

Even though we miss you and would prefer to be holding in-person classes, we are committed to doing what's best for you. Your health and safety is priority one, and this decision has been carefully and prayerfully made.

Our passion is you - and not being with you on campus has been difficult for us. However, we will continue to offer individual support so that your college experience will be a successful one.

Remote learning (and living) brings a unique set of challenges. Please reach out to us if you need advice or assistance with classes, academics, financial aid, or prayer. We have staff ready to be of assistance. Here is contact information that you may find helpful:

Admissions and Advising

Whether you are a new student or finishing your degree, we can help with FAFSA, transcripts, program requirements, degree completion, financial aid, general questions, and more.

New Students
